It covers an area of 886 square miles, the population numbered 62,704 at the census of 1911. It is bounded on the North and North East by the Udaipur, Gwalior and Indore States, on the South and South East by the Gwalior territory and the Pipalda Estate, on the East and East South by the Gwalior and Jaura States, and on the West by the Udaipur and Banswara States. The gross revenue of the past 5 years, averages Rs. 375,266/- while the average ordinary revenue being Rs. 399,841/- The annual tribute payable to the British Government in two instalments, is, 36,850/- which being larger in comparison with the other minor States of the same States, the higher authorities were requested to consider over the facts. among them whose countenance was not lit up with an eloquent expression of ecstatic joy

By four in the evening the public began to pour in streams towards the Bungalow compound where at the gate they were all heartily welcomed and pointed to seats in various blocks raised for the purpose. The ceremonies and rituals connected with this auspicious occasion were to be gone through under a Shamiana of spacious magnitude and tasteful decorations and which was so artfully put up in a central position as to afford an easy enjoyment of the proceedings thereunder by all those assembled

At a respectful distance in all directions from the pandal was a nice arrangement of troops, cavalry and the police to perform their respective duties assigned

As per programme, His Highness the Maharawat accompanied by the heir apparent Shriman Mahaj Singhji, Kumar Man Singhji, Maharaj Kumar Gurdhan Singh, Maharaj Priti Singh, & Maharaj Balwant Singh, left the Royal palace exactly as the clock struck six, and after a short prayer to the Almighty in the temple of Shri Bajji Raghoji the party proceeded with all dignity to the Shamiana; where a Guard of Honour provided by State Military presented arms and a salute of 15 guns was fired as His Highness the Maharawat was gracefully conducted to the Masnad

Then was observed the Nazar ceremony opened by the heir apparent Shriman Mahaj Singhji who being the first in order to present his Nizam followed in succession by Maharaj Kumar Gurdhan Singh, Maharaj Priti Singh and Maharaj Balwant Singh. As per Programme the Umroos, still waiting outside, were then ushered in, to have their turns. After these the Secretary to the Maharaj Kumar Sahib, Munshi Soojan Mull Bantia, had had his turn followed in successive order by Tazimi Sardars, State officials and others

This opening and initial ceremony having been done with were taken up other minor rites peculiar to such occasion. Immediately on their conclusion Munshi Soojan Mull Bantia the Secretary to the Maharaj Kumar Sahib rose up and in a neat but tolerably long Speech while paying in eloquent terms a warm tribute to the zeal and gifted capacity of Shriman Mahaj Kumar Sahib as an able administrator, admirably traced the history of gradual progress in the State administration and suggested some of those important schemes worthy of adoption and easy to work the State machinery to its high efficient power, but the salient features the concluding portion of the Speech and which he specially dwelt upon were the following (1) Remission of Rs 58590 /12/6, as debts and other dues against several Jagirdars, Cultivators and

on 28th November Sambat year 1918. ( 2 ) Grant of 150 Lakhas of Land as charity to Brahmins and Rios. ( 3 ) The conferment of Honor of two Chauras ( Slippers ) on Maha raja Kunwar Gurdhan Singh ( Tukrau Arnaud ) ( 4 ) An annual reduction of Rs 500/- in tribute payable to the State by the Thaluk of Siethal ( 5 ) Balindash of Soma ( Gold in fact ) and Tazum ( Respect ) to the respective Jagirdars of Devat and Nagdi and Tazum ( Respect ) to the Jagirdar of Sarpura Senior. ( 6 ) The restoration of respective Tukras to the Jagirdars of Mokhimpura, and Machindranath Bhatia to under Confinement to the Khalsa and ( 7 ) The abolition of Pinhey School Cess hitherto leviable on all kinds of endowments.

The last but not the least and to the great joy of the assembly was the announcement of " Free tuition " to the School going public in the State surely a so much needed and so well cherished a boon for the mental welfare of the people.

Followed by the speech was a sweet recitation of poetic composition by birds and others.

The last but one more custom so peculiar to oriental taste—the untiring pride of magnificence by Eastern Royalty and which brought the day's proceedings to a close, was a lavish tossing up of coins in silver and gold to a crowd of paupers assembled at the gate of Palace who thus went away gentified beyond measure & ended with invocative prayers for the blessings on the head of the Ruling Chief, the Shriman Maha raja Kunwar Sahib and the rest of family.

By night fall at about 9 was a grand display of firework as a lively supplement to the fading memories of the day's events.

( b ) Associated with the lively functions of the Jubilee ceremony it was arranged with equal spirit to commemorate the event of His Highness the Maharaja's being Honored with the insignia of K. C. I. E. on the 16th of November 1912 at Ajmer by His Excellency the Viceroy as the Grand Master.

### Personnel Changes.

7. At the opening of the State official year Shah Rikhab Das Khatwala of Udrupur came in to take over charge of the office of the Superintendent Police from Pandit Shanker Rao who having gone as a temporary measure, to Udrupur to officiate for the Residency Veer Maiji Mohamadibeg granted leave, but after a lapse of 12 months the former gentleman ( S. Rikhab Das K. ) in Capacity of the permanent incumbent had to relieve Munshi Sooyan Mall Branthi

the Secretary to the Maharaj Kunwar Sahib, in temporary charge of the state Accounts office

8 Shah Ruttan Lall the Secretary State Council having been elected as a member in the said Council was succeeded by Pandit Sri Narain Ojha a Government pensioner from Ajmer; but he after nearly a month's time had to resign his new appointment under a pressing call of domestic difficulties, & Shah Rikhab das Khamesra had to take charge of his responsible office & was also made the Member of the Council besides his equally important duties of the state Accountant. As a temporary arrangement the functions connected with the post left vacant by transferenc of Shah Rikhab das Khamesra to the Accounts Branch were to devolve upon Pandit Shanker Rao on his return from Udaipur and which duties he continued to satisfactorily perform, till on 9th April 1914, Pandit S A Rikhe shivji was called in from Jodhpur to permanently relieve him as the Police Superintendent

## CHAPTER II.

### Administration of Land.

9 This was the eighth year of the Settlement made by Mr. A T Holme. The land revenue was realized wthout adopting any coercive measures as usual.

10 It being a general question that the ladies of the Raj family can not manage their Estates with satisfaction, the matter was long since receiving the attention of the Maharaj Kunwar Sahib, and was brought to the conclusion, without any hindrance this year. The villages in their Jagi were attached to the state and an adequate monthly stipend, sactioned to be paid to them, in lieu of their villages.

11 The Jigi villages of the deceased younger Kunwaranji Sahib ( Punwarji ) were also amalgamated in the State, during the year under report.

12 Muwati cases numbering to 31 were disposed of by the Maharaj Kunwar Sahib during the year under review

13 The figures in Bighas giving below will show the variations in the irrigated area in the successive five years

Sambat	Opium.	Sugarcane	vegetables.	Grains.	Total.
1966.	2115.	155	101.	1632.	4003.
1967	3234.	175	81.	755.	4245.
1968	1818	187.	110.	311	2416.
1969	834.	118	282	3662	4896.
1970.	539	171.	237.	3572,	4519.

14. The reduction is due to the restriction made in the Poppy cultivation.

15. The advances amounting to Rs. 7,583/- were due, as mentioned in the preceding year, from the cultivators at the end of Sambat year 1969, Rupees 688/- only have been advanced as Jagavi during the year, & thus the total comes to Rs. 8,271/- out of which the sum of Rs. 3,911/- was remitted on the auspicious occasion of the Silver Jubilee of His Highness the Darbar and Rs. 1,210/- have been recovered during the year under report. Thus the balance amounting to Rs. 3,150/- remains to be due under this head, from the agriculturists at the end of the year under review, which will be recovered by small instalments, keeping in view the State of the cultivators.

16. The variation in demands and collections of this year and in the area under cultivation compared with the corresponding figures of 1912-13 are as follows.—

Last year ( 1969 )

Demand	Collection	Cultivated area
135793	133992	109031

Present year ( 1970 )

156532	155419	118024
--------	--------	--------

Note — The area of the 8 villages of Jagir has been added in the figure of this year.

17. The settlement on the whole, has made fair progress successively, which can be seen from the following figures when compared with that of Sambat 1963, the first year of the settlement —

Sambat	Demand	Collection	Balance
1963	1,35,149	1,29,366	5,763
1964	1,30,292	1,29,781	20,511
1965	1,35,137	1,29,184	6,955
1966	1,45,540	1,33,580	8,960
1967	1,46,316	1,37,213	9,103
1968	1,38,084	1,36,630	1,454
1969	1,35,733	1,32,462	1,741
1970	1,56,532	1,55,119	1113

18. It includes the revenue amounting to Rs. 14,037/2/0 of the villages of Jagir as shown below, which have been attached to the Darbar this year, as referred in para 10.

Her Highness Maha- rajp Singh's Jagir villages.	Elder Kunwaranij Sahib's Jagir villages	Younger Kunwaranij Sahib's Jagir villages
1 Bori	1 Nogama	1 Magrods
2 Semlope	2 Mowai	2 Kulthana
3 Punnori	3 Achalpuria	

19 At the close of the last year the total amount of arrears was Rs 24,028/- of which Rs 21,527/- remitted in commemoration of Silver Jubilee of His Highness the Durbar, and Rs 1,747/- have been realized during the year, thus the total comes to Rs. 23,274/- Rs 1,113/- only, remained in arrears of current year and therefore the total amount of arrears outstanding at the end of the year under report, was Rs. 1,867/- only

20 The collections were satisfactory which is due to the efforts and diligence of Maharaj Balwant Singh, the revenue officer.

21. Though he is appointed only last year, yet he has grasped the work and discharges the duties ably I am sure he will gain vast experience of the Department in a certain but short period & turn out an efficient officer for the revenue Department.

22 **Administrative changes** The post of Naib Tehsildar has this year again brought under reduction, and there seems no need to reinstate it as was done in the last year

23 Fallow land amounting to Bighas 5278 have been brought under cultivation, and 304 Bighas of BII were given on lease, the revenue of which being Rs 2,974/- and Rs 106/- respectively Resignation of 40 Bighas, the revenue of which aggregating to Rs 59/- were submitted and sanctioned, out of which 14 Bighas were given for cultivation to other cultivators

24 **Restoration and Confiscation** The villages of Mohkampura and Muchlani have been re-anted to their Jagirdars on the Silver Jubilee of His Highness the Durbar These villages were since long under confiscation owing to the non payment of the tribute by the Jagirdars About 157/- Bighas of land in different places were restored while nearly 200 Bighas were confiscated

25 Neither survey nor settlement have been made of any Khalsa village, during the year under review.

## CHAPTER III.

### Protection

26. **Legislation.** No new act was introduced this year.

27. **Military force.** At present the military force forms a part of the police. The serviceable guns are 10 and that of unserviceable 9 in number. The cavalry are armed with lances and Single barrel Muzzle loading guns while the police with smooth bore Martini Rifles. Their knowledge of drill is rudimentary and their efficiency from a Military point of view is very small but they serve the purposes they are maintained for. In addition to the above force the Jagirdars are under the obligation of furnishing Siwans for service whenever required, for the Jagirs they hold. [ Vide appendix III ]

28. The present force consists of 223 men of whom 46 are stationed in the Magra Zilla [ hilly tract ] The cost of the force for the year under report has been Rs. 21,322.15/9 against Rs. 20,963.12.5 in the preceding year.

32. The principal Jagirdars keep their own police directly supervised by the State Superintendent of Police. The Police of the Dhamotar, Rupur and Arunud Estates are in better condition than that in the other Thikanes, and it is a matter of regret to record that 2 of the Thikanes keep a nominal police, who can not work at all. It is therefore under the consideration of the Mantriya Kumar to organise them too, on the line of the State Police.

33. There is one police man for every 4 square miles and to 264 inhabitants taking the census figure of 1911. The State police is divided into following grades

This Court also receives and disposes of references from and exercises powers of appeal and revision over all the Civil & Criminal Courts of the State and can pass a death sentence when the Chief himself presides at a trial for Murder. The Raja Sabha when exercising power as original Court can have its decisions appealed to & orders revised by His Highness the Maharawat Sahib, but when orders and decisions have been passed by this Court on appeal or

over to it from any of the subordinate courts there is no further appeal to His Highness, but the parties are allowed to apply for a review of the orders passed on appeal.

The number of appeals, revisions and reviews in civil suits filed in the Rajahmundry was 942. 84 were in arrears of the last year, the total being 178 in all, out of these 144 were disposed of leaving 34 pending at the close of the year. The appeals against the decisions of the Jagudars' courts both civil & criminal are heard by the Magistrate and civil Judge of the State. The Thakur of Kalyanpura was allowed a period of 6 months to make the improvement in connection with his Judicial powers, but he has been quite unable to ameliorate a bit and it is going from bad to worse. Out of the empowered Feudatories Jhantla and Achhoda are under the management of the Court of wards owing to the minority of the Jagudars.

there are no considerations for the male and female prisoners, and the arrangements under custody. 65. There is also a branch of the Committee at Deolia in-charge of one Daroga with eight Sweepers; its work is said to have been satisfactory.

## CHAPTER IV.

### Production and Distribution.

66. The rainfall was generally favourable and the yield of both the Kharif and Rabi crops normally satisfactory, except Jhaged which suffered a little owing to the damage caused by insects. The monsoon rains set in earlier & withdrawn in September.

67. **Wages and Labour.** The supply of labour is very scarce for the last 2 years, consequently the wages have been raised to some extent.

The rates are as under:—

Day Labour	Rs	7/8 P. M.

70. The total income was Rs 16,339/12/10 during the year, as against Rs. 10,933/4/3 in the last year. The increment is due to the duty raised this year from 2 annas per gallon plus Rs 7/- per cent on the value of the 60 U. P. liquor issued to 1/3 per gallon, while the price of 60 U. 71 Two candidates, Keshu Lal and Shahib Lal Khasgi wala were sent to Dhule for Excise training this year and both of them passed their Examinations creditably.

72 **Forest** This department continued under the supervision of Mr. Rustamji Framji the Customs Superintendent. Dalel Singh was appointed as a Forester, on 12th June 1913. This department still stands, as mentioned in the last years report, in need of certain reforms, which are under the consideration of the Maharaj Kunwar Sahib. It will make a good improvement if the reforms are brought into force. The total income amounted to Rs, 2221/15/9 ( including the grazing tax ) as against Rs, 2481/- in the preceding year. The estimated budget amount was Rs, 3500/-.

73 **Mines and minerals** No operations to explore for minerals and other economic products were conducted during the year under review, but Pandit Rikheshwar the Police Superintendent has collected from the hilly tracts, some of the stones as specimen, to be analysed.

74 **Trade** The local trade consists of nothing important beyond the export of the surplus agricultural produce of the country and the import of condiments, cloth, Kerosine oil & other necessaries of life. The principal produce are Juar, Makki, Til, Cotton, Opium, wheat, gram and linseed. The trade in general was a little better than the last year, except the opium trade which was very dull, this depression is chiefly attributable to the low prices obtainable for the drug during the last successive 3 years. The export of the opium chests was entirely abolished and the strict restriction has been imposed on poppy cultivation. It is obvious that the Merchants and the ryots will suffer to a great extent as well as the State to a certain extent until some substitute is found to match the opium.

75 The principal articles of import are Sugar, Gur, Salt, Tobacco, Kerosine oil & Cloth. In the following statement the volume of trade of the previous year is compared with that of the present year.
